

KEYWORDS THE KEY TO BEING FOUND ON LINKEDIN

The key to winning the "being found" part of the LinkedIn game is having the right keywords in your profile. This worksheet is designed to help jumpstart your thought process as you begin to beef up your profile with keywords. Be sure your most important keywords are used numerous times. For me, some of those words would be "LinkedIn speaker" and "LinkedIn trainer." As a reminder, the places you can include them are:

- Headline (extra weighting in search algorithm)
- About (formerly titled "Summary")
- Experience: Job titles (extra weighting in search algorithm)
- Experience: Description of jobs
- Education
- Licenses & Certifications
- Volunteer Experience
- Skills & Endorsements (extra weighting in search algorithm)
- Recommendations
- Accomplishments

Be sure to think of different words people may use to describe the same thing, like attorney & lawyer, legal & law, editor & proofreader, teacher & instructor.
